Target version:			**Spent time:**	0.00 hour

Description

What's with the recreating of the git repository without git-lfs? Care to explain?

History

#1 - 03/30/2021 12:53 PM - cpp zombi

- Status changed from New to Feedback

- Assignee set to Paul S.

since Paul S. authored the new initial commit, he probably knows. 6e05c364

#2 - 04/09/2021 04:23 PM - Paul S.

- Status changed from Feedback to Closed

Reason was that the migration broke LFS. It is fixed now. by you, i think.
